PROFESSIONAL PROFILE

Senior Coating and Corrosion Protection Engineer with **27 years of international experience** on oil & gas, LNG, subsea and pipeline projects across the Middle East, Africa, Europe and Russia. Specialist in **pipeline field joint coating, linepipe and subsea coatings, painting, insulation and passive fire protection**, with 11 years in senior management as SHAWCOR's Senior Technical Services Manager for the Eastern Hemisphere. Trusted by **TotalEnergies, ADNOC, Shell, Statoil, DNV, QP, QG and Oman Gas Company** to write specifications and ITPs, qualify contractors and deliver right-first-time quality. Combines hands-on coating expertise with **data analytics, Python and CAD** skills that sharpen inspection reporting and project delivery.

27+	11	30+	90%+
years in oil & gas, LNG, subsea and pipelines	years in senior management at SHAWCOR (CANUSA-CPS)	countries: coating inspectors & applicators trained	first-time quality approvals on ADNOC projects

CORE EXPERTISE

Pipeline Field Joint Coating (FJC) & Linepipe Coating	Insulation & Passive Fire Protection (PFP)	ISO 9001:2015 Quality Systems & Internal Auditing
FBE, PE & PP Coating Systems	Specifications, Procedures, Method Statements & ITPs	NCR / RFI Close-out & Root-Cause Analysis
Subsea Structures & Offshore Painting	Contractor & Vendor Qualification, Bid Evaluation	Team Leadership, Training & Mentoring
QA/QC Inspection: Coating, Painting & Welding	Cathodic Protection & Mechanical Testing	Data Analytics (Python, SQL, Tableau) & 2D/3D CAD

PROFESSIONAL EXPERIENCE

SENIOR COATING AND REPORTING ENGINEER
Dec 2024 – Present

TotalEnergies — Mozambique LNG Offshore Project · Zeit Bay, Egypt

- Lead coating and painting inspection of subsea structures, offshore pipelines and critical assets against international standards and project specifications.
- Supervise TECHNIP / PETROJET subcontractors daily, enforcing HSE rules, QA/QC procedures and Inspection & Test Plans (ITPs) development.
- Review and validate job procedures, specifications, quality records and laboratory test results.
- Run root-cause analysis on deviations and set corrective and preventive actions in line with project recovery plans.
- Drive a zero-defect quality culture so every deliverable meets TotalEnergies requirements.
- Create and publish dashboards for all project disciplines for top management.

SENIOR QA/QC COATING ENGINEER (ADNOC-APPROVED)
Mar 2024 – Dec 2024

ARCHIRODON — WAVE Project · Abu Dhabi, UAE

- Developed and approved painting and coating procedures, method statements, ITPs and specifications aligned with ADNOC and project standards.
- Ran technical bid evaluations for contractors and vendors, balancing cost, quality and performance.
- Led the close-out of NCRs, RFIs and NRIs by compiling, reviewing and submitting complete technical documentation.

SENIOR COATING ENGINEER (CERTIFICATION AUTHORITY)
Aug 2022 – Feb 2024

DNV Energy · Egypt

- Acted as certification authority for coating works on major regional projects, ensuring compliance with DNV, NACE and client specifications.
- Reviewed and approved coating documentation (technical reports, material approvals and system designs) for above-ground, subsea and pipeline assets.

- Oversaw new coating, repair, rehabilitation and maintenance work on offshore terminals, subsea pipelines and storage tanks.
- Audited vendor qualifications and witnessed laboratory testing against client acceptance criteria.
- Advised clients on corrosion prevention and long-term coating strategy.

SENIOR QA/QC COATING ENGINEER (ADNOC-APPROVED)
Dec 2020 – Jul 2022

ARCHIRODON — BAB Project · Abu Dhabi, UAE

- Supervised and mentored a team of site inspectors in QA/QC best practice, safety compliance and coating application techniques.
- Achieved first-time quality approvals of 90% or more through internal verification, proactive inspection and early issue resolution.
- Worked with engineering and construction departments to integrate coating systems into the overall project scope.
- Prepared painting and coating procedures, method statements and ITPs to ADNOC and project standards.

SENIOR TECHNICAL SERVICES MANAGER
2007 – 2015 & 2018 – 2019

SHAWCOR (CANUSA-CPS) · Eastern Hemisphere: UAE, UK, onshore & offshore

- Managed pipeline field joint coating and linepipe coating projects across the Eastern Hemisphere, leading client meetings and technical qualifications.
- Managed and mentored a team of 18 engineers and technicians, raising performance through structured evaluation systems.
- Trained and certified coating inspectors and applicators in more than 30 countries.
- Presented SHAWCOR technologies at NACE and international pipeline coating conferences.
- Delivered business development plans, internal audits and client-satisfaction strategies, achieving a 100% improvement in customer service ratings.
- Ran the induction-heating generator fleet: allocation, maintenance and performance optimization.
- Representing and leading SHAWCOR in all technical meetings and specifying FJC systems for all customers including writing all job procedures, specifications and ITPs.

COATING CONSULTANT
2016 – 2017

Oman Gas Company · Muscat, Oman

- Supervised contractor coating operations on the Duqm and Salalah projects within QA/QC and HSE frameworks.
- Managed factory linepipe coating qualifications, overseeing testing and inspection for onshore and offshore pipelines.
- Reviewed and approved subcontractors' coating procedures and material submittals; monitored daily reporting, compliance and contractor performance.

EARLIER CAREER (1999 – 2006)

Coating Engineer · **TOCO / WILLBROS, Kawther Project** — **Jun 2006 – Dec 2006**
Muscat, Oman — Planned and supervised coating qualification for 18" and 36" PDO pipelines; trained and certified field joint coating technicians; ran daily field inspections and site/laboratory testing.

QA Coating Inspector · **GL / Total, Dolphin Project (offshore)** — **Nov 2005 – May 2006**
Doha, Qatar — Inspected 48" offshore gas pipeline coatings and subsea painting on board the SAIPEM C6 barge; tracked non-conformities and corrective actions to closure.

Third-Party Client Coating Inspector · **GL / Shell, Sakhalin Phase 2 (offshore)** — **May 2005 – Nov 2005**
Russia — Supervised FBE, PP and field joint coating and subsea structure painting on board the SAIPEM SEMAC1 barge in Arctic conditions; approved contractor reports, ITPs and test results for Shell.

QC Engineer / Painting & Welding Inspector · **OPCO, Moody International & others** — **Jul 1999 – Apr 2005**
Egypt — QA/QC, painting and welding inspection for GUPCO, SUCO, BAPETCO, MIDOR Refinery and PETROBEL on refineries, offshore platforms, subsea structures, gas plants and pipelines to ASME/API, ISO and NACE standards.

EDUCATION, CERTIFICATIONS & TOOLS

B.Sc. Mechanical Engineering · **Alexandria University, Egypt**

CERTIFICATIONS & TRAINING

- **AMPP/NACE Level 2** Senior Coating Inspector
- **CSWIP 3.1** Welding Inspector
- **BGAS Grade 2** Painting Inspector
- **ADNOC-Approved** Senior Coating Engineer
- **Senior Management program**, LDL London
- **HSE Training**
- **Python, Machine Learning & Data Analytics**

TECHNICAL TOOLS

- **Engineering & CAD:** SolidWorks, AutoCAD, Inventor (2D/3D)
- **Data & analytics:** Python, Pandas, NumPy, SQL / SQLAlchemy, Tableau, TensorFlow
- **Quality systems:** ISO 9001:2015, internal auditing tools
- **General:** MS Office, technical presentations, risk & security management
